FIRST AID MEASURES

- Inhalation:** Supply fresh air and be sure to call for a doctor.
- Skin Contact:** Immediately wash with water and soap and rinse thoroughly. Remove contaminated clothing. Launder contaminated clothing before re-use.
- Eye Contact:** Rinse opened eye for several minutes under running water. Seek medical attention if irritation develops.
- Ingestion:** Do not induce vomiting; immediately call for medical help.

5

FIRE FIGHTING MEASURES

- Suitable extinguishing agents:** Water spray (fog), foam, dry chemical or carbon dioxide.
- Special firefighting procedures:** Wear self-contained breathing apparatus and full protective clothing, such as turn-out gear. Cartridge respirators do not provide adequate protection for fire fighters or exotherm mitigation. Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire.
- Unusual fire or explosion hazards:** May liberate large quantities of dense, foul-smelling smoke which may contain unidentified toxic gasses.
- Hazardous combustion products:** Oxides of carbon and nitrogen, and undetermined organics.

6

ACCIDENTAL RELEASE MEASURES

- Use personal protection recommended in Section 8, isolate the hazard area and deny entry to unnecessary and unprotected personnel.
- Environmental protection:** Do not allow product to enter sewers/surface or ground water. Wear appropriate protective equipment and clothing during clean-up. Prevent further leakage or spillage if safe to do so.
- Clean-up methods:** For large spills absorb onto inert absorbent material and place in sealed container for disposal. Dispose of according to Federal, State and local governmental regulations.

7

HANDLING AND STORAGE

- Handling Precautions:** Ensure good ventilation/exhaustion at the workplace. Protect from heat. Empty containers retain product residue, so obey hazard warnings and handle empty containers as if they were full.
- Storage Requirements:** For safe storage, store at or below 72°F (22°C). Keep container tightly closed and in a cool, well-ventilated place away from incompatible materials.

For information on product shelf life, please review Technical Data Sheet.
